### QUESTION 1:

## Data Use Permissions

Permission for Smashers to send emails to this email address? \*

No

The membership database will require each member to have a unique email address. We understand however, that in some cases a member, though required to provide an email address, does not want to receive Smashers related emails to the email address provided. If you do not want to receive Smashers emails. Please select the No option.

### QUESTION 2:

I give permission to publish my email address and phone numbrs to Smashers members? \*

Yes

No

At some point, in the near future, we will create content that only paid Smashers members will be able to see. A member roster for paid members could contain phone and email contact info. If you do not want your phone number and email address to be visible to other members, please select the No option.

### QUESTION 3:

I give permission to publish residency status to Smashers members? \*

No

The Solivita residency information is collected to help Smashers better understand the seasonal demands on courts and also to plan events when most of our members can enjoy them. Additionally, this information could be shared with team captains to better help them understand the impact of snowbirds on their team. If you do not want your residency information shared with the captains of your teams, please select the No option.

QUESTION 4:

I give permission for Smashers to send marketing emails to this email address? (These would be emails regarding pickleball-related opportunities you may find interesting not related to Smashers activities) \*

No

In the past, the board has been made aware of what one might call “pickleball related marketing opportunities”. For example, a sale by a vendor of pickleball gear, or a pickleball cruise to the Caribbean. We have not been able to share these opportunities with our members as we had not before asked your permission to send non-Smashers related emails to you. If you are interested in receiving these types of emails, please select the Yes option, if you prefer not to receive these types of opportunities from Smashers please select the No option.
