Do You Want to Play on a Pickleball Team?

To All Pickleball Players *(present and former Smashers members):*

The Smashers Club is trying to gauge the interest level within our pickleball community to re-establish league/team play at Solivita.

The current court schedule mandate calls for Open Play on all courts from 7:30am until Noon every day. Smashers has been allocated the balance of the day (Noon through 9:00PM) to allow for other options such as Ladders, Training, Team Play and other events, as well as open play.

It is up to YOU to let us know if you are interested in playing on a team. Until we can gauge our Communities' interest in Team Play, the time and frequency of team play cannot be determined.

So, if you are interested in playing on and/or running a team, let one of the following people know by **March 31, 2026**.

estauffer712@gmail.com

bwprice849@gmail.com

donschild@gmail.com

Your response by March 31 is crucial in bringing back Team Play.

- As with our other club activities, you need to be a Smashers member to play on a team
- Volunteers will be needed to serve on a Teams Council to: Validate team rosters, manage team scheduling and work with the Smashers' Board

Once we know the level of interest, we can recruit council members and get our teams program back up and running.

Thank you and have a Solivita day!
